Second & Sycamore Streets,  
Milwaukee, Wis.

Dear Sirs:

Attention Mr. L. S. Hillegas-Baird.

Mr. Dudgeon and I wish to thank you, on behalf of the Library Board of Trustees for the co-operation extended the Science Department in the up-building of the radio magazine files.

The Club has been of great assistance in the matter of supplying early numbers of various radio periodicals and has also presented periodicals to replace those we have been so unfortunate as to lose or have mutilated. In addition we have been in regular receipt of the following items:

Chicago Evening Post, Thursday edition, which contains their "Radio Magazine". This we have complete and bound for 1925, and the current 1926 numbers to date.

Radio. A monthly magazine, now the gift of the publishers through the courtesy of the Club.

Radio Bug. Have been receiving this since November, 1924.

Radio News Bulletin.

Wireless World has been received regularly since April, 1925.

We sincerely hope for the continued good-will of the Club and deeply appreciate all past instances of friendliness.

Very cordially yours,  
Milwaukee Public Library,

Florence Olcott,  
Head Science Dept.
